Main contact: José Antonio Robles Rodríguez - agencia@apegr.org

Position: 2nd Vicepresident of the Provincial Council of Granada, President of the Energy Agency of Granada

Email: agencia@apegr.org

Phone: 0034 958281551

Strategy

The Provincial Council of Granada, by means of the Energy Agency of Granada, is currently undertaking a program which aims to promote low carbon municipalities in the region. The "Covenant of Mayors" aims to promote low carbon municipalities until 2020, and thus, creates synergies with the current policies of Granada.

ACCELERATING EUROPEAN CITIES' ENERGY TRANSITION THROUGH RENEWABLE ENERGY AND CLEAN MOBILITY. DEMONSTRATION, UPSCALING AND PLANNING OF SMART CHARGING & VEHICLE-TO-GRID TECHNOLOGIES - HUGO NIESING (RESOURCEFULLY)

Electric vehicles (EV) are rapidly spreading in European cities. This entails significant peaks in energy demand that typically do not correspond to peaks in energy production and supply, especially when renewable energy sources (RES) are concerned. How can EV be used to support the grid in effectively responding to energy peaks and to best exploit renewable energy sources?

THE ELECTRIC VEHICLE REVOLUTION: THE NORWAY CASE - HANS JACOB MYDSKE (NEPAS - NEW ENERGY PERFORMANCE AS)

Electric vehicles (EV) have revolutionized transport and mobility in Norway with a stunningly rapid growth. How was this made possible? Have an insight on the non-technical measures introduced by the government to support this unprecedented uptake.

PRACTICAL GUIDE FOR THE TRANSITION FROM SEAP TO SECAP - GIORGIA RAMBELLI (EUROPEAN COVENANT OF MAYORS OFFICE)

In October 2015 the European Commission launched the new 'Covenant of Mayors for Climate & Energy', adding adaptation to climate change to the already established objective of CO₂ emission reduction. How can cities best upgrade their Sustainable Energy Action Plans into new, integrated and comprehensive Sustainable Energy and Climate Action Plans?
